BLUE velvet

Blue is one of the most popular colours of the modern design palette. This colour is universal, and the palette itself is so rich that it is easy to find the right tone. Calm and noble, it positively influences the person, calms them and best of all, never ages. Choose your shade for a unique accent in the interior.

EARTH

tone

Brown is the colour of elegance and nobility. It calms, creates a feeling of comfort and safety, gives a warm feeling in a classic interior and goes well with modern design. Precisely this shade is the main colour in our vase collection "Earth tone".

NEO-MEMPHIS

"Memphis" is an 80s style that encompasses bright colors, remarkable shapes and chaos. Explosions of colour combined with bold graphics are the main details of unrestrained decor in the style of "Memphis".

"Memphis" is a challenge – if you need to attract attention, this is how to do it.
