BENCH 107

Steel + Stainless steel

107-1 | without back rest

107-2 | with back rest

Specifications

Bench 107-1 without back rest, consisting of two U-shaped steel tube frames including mounting options for a seating slat made from several steel tube profiles.

Bench 107-2 with back rest, connected to the rear tube of the seating slat on sickle-shaped suspensions.

Finish

- Stainless steel 1.4301 pickled and smoothed, grain 240
Optional: electropolished/high-gloss (no surcharge)
- Steel ST37, galvanised with powder coating in standard RAL colours or DB 703 (other colours available on request at a surcharge)

Mounting

Screw-on (recommended) or free standing
