High performance
with a wide range of
solutions and options.

Product description

The versatile, customizable and compact weighing terminal iS20 fulfills numerous tasks in a simple, fast and economical manner. A top performer for most company areas: in goods receiving and production, during quality assurance in the warehouse as well as in packaging and shipping. Integrated with applications for weighing and counting processes as well as tolerance control, for the iS20 also with LED lights, this compact device supports your workflows in an effective and efficient manner. The high protection class IP69 ensures that the weighing terminal will properly function in a challenging, hygienic environment as well as under harsh conditions. The production flow via the weighing terminal is guaranteed even in adverse conditions such as water, dust and aggressive substances.

Compact weighing terminal iS20

Highlights

- Simple handling in superb design
- Large keys with mechanical pressure point and acoustic feedback ensure trouble-free operation, even with gloves
- Suitable for numerous applications
- Withstands harsh conditions
- All data is quickly recorded and checked
- Easy to clean due to smooth surfaces and rounded edges
- Meets high hygiene and safety standards
- Flexible weight value units kg / lb or oz
- LED lights for visual tolerance control support
- Metrologically approved data storage
- Interfaces RS232 and Ethernet 100 Mbit
- 3 inputs and 4 outputs

Options

- Battery pack and charger integrated in weighing terminal, with plug-in mains cable
- Various mounting options (table top, wall, counter top, stand)
- Data, control and measuring cables in different lengths
- Combinable with different load receptors

My Bizerba

We offer you solutions from a single source which can be customized and allow you to respond to any change in a flexible manner. Benefit from costs which can be planned and efficient processes. We are happy to advise you.
