Right Angle Grinders
High-Performance 1.7Hp Motor

POWER YOU NEED. FEATURES YOU WANT.

Upgrade to the Right Angle Grinder that has the **power you need** and the **features you want**.

Cleco's new Right Angle Grinders deliver the power, comfort and control you need and expect - for tough and demanding grinding jobs, and at an exceptional value.

Tough Grinders for Tough Jobs

Cleco's new Right Angle Grinders meet the challenging requirements of industries including Foundry, Fabrication, Ship Building, Rail Cars, Machine Shops, and Welding Applications. They feature a high-performance 1.7Hp motor, to maximize material removal rates for the most demanding applications.

The Right Angle Grinders' internal components are built to last long, and are protected by a dual-layer, high-impact housing providing extreme durability. Available in 4", 4.5" and 5" disc sizes, the Right Angle Grinders are perfect for a wide range of applications.

High-performance 1.7Hp motor delivers maximum power

Designed to fit all Type 27, Type 27 threaded hub and Type 1 abrasive discs

Quieter operation with rear exhaust overhose standard

Ergonomic, anti-vibration handle for increased comfort and less operator fatigue

Spindle lock for quick and easy abrasive changes

Dual-layer, high-impact composite housing for extreme durability

Versatile 270° adjustable guard for easy access to tight spaces

C3135A4-380H shown with disc, not included

Cleco's Right Angle Grinders are designed for rigorous use and long life, containing the features and power that are perfect for the most demanding applications found in foundries, shipyards, machine shops and rail car manufacturing.
