Adjustable Ratcheting Wrench w Metal Handle

Suitable for use in greasy conditions (oil, chemicals, etc.) such as garage work. The ratchet head has 24 teeth with a 15 degree operating range, allowing for use in space-limited working conditions.

Torque setting is easy to adjust by knob and scale. Large adjusting knob designed to enhance usability in torque setting, even by oily hands.

A clear “click” sound by internal toggle mechanism signals tightening completion upon reaching the set torque.

Option: Blow-molded carrying case (colour depends on type/model).
