

GarnTec
Glatz Feinpapiere

GarnTec Binding Yarns / Twist ties ...made from natural, bio-degradable materials

Application

Ideal for tying plants: vegetables (for e.a. vines), orchard, fruits or in tree nurseries. Also ideal for bag closure.

Properties

- Competitive pricing
- Environmentally friendly
- Time Saving
- Easy to cut at any length required
- Quickly secure plants by a simple twist of the wrist, no knots

Construction

Paper, jute or wire wound with paper

Advantages

GarnTec binding yarns are made from 100 % natural materials that do not contain, plastics, PVC or other materials that are not bio-degradable. As a result our binding yarns decompose completely. Our yarns can be ordered in continuous length on spools or in cut lengths ranging from 10 – 60 cm.
