

# PURGE PRESSURE ANALYSER

ACCESSORIES, PPA 2500

## COM-CABLE OXY 2 / EVO FOR COMMUNICATION AND DOCUMENTATION

**COM-CABLE** for connection Oxy 2 / EVO to controllers TIGTRONIC BASIC 2-4

**COM-CABLE** OXY 2 / EVO for connection to controllers TIGTRONIC ORBITAL 4, COMPACT and EVO

Item number

1.3.5009

1.3.5011

1.3.5014

1.3.5015

1.3.5200

Orbital welding system

Orbital welding tools

Welding equipment

Saws / tube squaring devices

Purge accessories

Measurement devices

Service / warranty

**SPARE PLASTIC HOSE** for OXY 2, 3 and EVO 3m, with particle filter and stainless steel probe

**SPARE FILTER**

## PURGE PRESSURE ANALYSER PPA 2500

The PPA 2500 purge pressure analyser is used for setting and monitoring the ID purge pressure. It replaces the analogue Magnahelic devices traditionally used for applying the ID pressure balancing technique used for producing high-quality "controlled profile" welds on small diameter applications. The connection with the TIGTRONIC ORBITAL 4, TIGTRONIC COMPACT and EVO controllers enables documentation.

### Technical Data:

Input voltage	24V (via the controller)
Measuring range calibrated	0 - 2500Pa
Weight	0.6kg
Dimensions (L x W x H)	41mm x 80mm x 160mm

### Package includes:

- Purge Pressure Analyser
- Sampling Hose
- 6mm T-fitting
- Calibration certificate
- Plastic box
